

CONFAP – THE UK ACADEMIES

Fellowship and Research Mobility

The first round opens on **September 10th 2014** for applications and will close on **October 22nd 2014 at 12 AM Brasília Time.**

Brazilian State Funding Agencies, articulated by its National Council (CONFAP), are launching a call for proposal for activities of fellowship and research mobility directed to researchers based in UK Universities and Research Institutions to research activities in Brazil. These activities are under the auspice of the Newton Fund.

The Newton Fund is a new initiative that aims to develop the long-term sustainable growth and welfare of partner countries through building research, innovation capacities, and is part of the UK's Official Development Assistance commitment.

These awards of up to three years of support offer an opportunity for the UK researcher to develop the strengths and capabilities of their research groups through training, collaboration and reciprocal visits with a partner in some of the best research groups in the Brazil.
