The screenshot shows the CONFAP website interface. At the top, there's a header with the CONFAP logo and name, a search bar, and flags for Brazil and the UK. Below the header is a navigation menu with links: HOME, INSTITUCIONAL, FAPS, FÓRUNS, LEGISLAÇÃO, COOPERAÇÃO INTERNACIONAL, and FOTOS. The main content area is titled 'Você está aqui: Home » Horizonte 2020'. It features a section for 'Horizonte 2020' with a sub-header 'Chamadas abertas'. The text describes the availability of summaries for the 2016 and 2017 programs, provides a link to a document in English, and mentions an article by Elisa Natola. It also includes contact information for doubts and a link to the 'Elegibilidade do Brasil no Horizonte 2020 (H2020)' document. A list of participating FAPs is provided, with a red arrow pointing to the first item: 'Fundação de Amparo à Pesquisa do Estado de São Paulo – FAPESP'. To the right, there's a 'Notas' section with two items: 'EMBRAPPII promete agilidade na avaliação de projetos' and 'Evento gratuito sobre Engenharia Automotiva'. Below this is a 'Fórum CONFAP' announcement for November 8-9 in Campo Grande - MS, featuring a photo of the event and the Fundect logo. At the bottom right, there's a 'Recent Actions' section with the Newton Fund logo.

Net4Mobility

About Net4Mobility

Net4Mobility is a transnational cooperation project between the National Contact Points (NCPs) of the EU Marie Skłodowska-Curie Actions (MSCA).

The project aims to help NCPs improve the service provided to interested parties all over the world, and increase awareness of the MSCA funding possibilities.

Among our Services

- Explain relevant possibilities
- Help find the best option for you
- Assistance throughout the whole process

National Contact Points

Network of National Contact Points (NCPs)

The network of National Contact Points (NCPs) is the main structure to provide guidance, practical information and assistance on all aspects of participation in Horizon 2020.

What is the NCP network?

NCPs are national structures established and financed by governments of the 28 EU member states and the states associated to the framework programme. NCPs give personalised support on the spot and in applicants' own languages. The NCP systems can vary from one country to another from highly centralised to decentralised networks, and a number of very different actors, from ministries to universities, research centres and special agencies to private consulting companies.

NCPs are also established in many non-EU and non-associated countries ("third countries").

NCP Services

As the NCPs are national structures, the type and level of services offered may differ from country to country. In general, the following basic services are available in accordance with the [NCP Guiding Principles](#) agreed by all countries:

- Guidance on choosing relevant H2020 topics and types of action
- Advice on administrative procedures and contractual issues
- Training and assistance on proposal writing
- Distribution of documentation (forms, guidelines, manuals etc.)
- Assistance in partner search

Search for your NCP

Find the contact details of your national H2020 National Contact Point or those of your potential partner's country. You can search for NCPs in Member States, Associated Countries and third countries. You can also search for NCPs by thematic areas or functions; for instance, you can look for an NCP who is specialised in Marie Curie actions. Hover over the NCP functions to view the explanation of their specific responsibilities.

The third country NCPs listed below were nominated in the context of the Seventh Framework Programme. This list will be progressively updated for Horizon 2020, as necessary.
